Author Anna Astvatsaturian Turcotte
Conference History

The Red River Women’s Studies Conference began in 2000 as a result of collaboration between the Women Studies programs at Moorhead State University, the University of North Dakota, and North Dakota State University. We each took a turn hosting the first three conferences at the different campuses in the order listed. The goals were many and included closer networking between the Women Studies programs in the area, a chance to share our scholarship and creativity in a collegial atmosphere, a chance to encourage student involvement and expose them to scholarship and activism in our fields, and a chance to network with the communities in the valley to raise their awareness of us and to raise our appreciation of their efforts and activism.

The conference typically draws participants from the Valley area and beyond; from the south as in South Dakota to the north as in Winnipeg, Manitoba, from the east as in Minneapolis to the west as in Bismarck and places in between. Funding and setting the theme for the conference are the responsibilities of the institution hosting the conference. We do share a set logo and title for the conference as well as an agreement to hold it in the fall semester and to honor the goals originally set for the conference.

Over the years we have had hundreds of panels, play acts, and exhibits and the conference has always been free for students and open to and supportive of members of the community. We have had numerous notable keynote speakers and playwrights including: Brenda Daly, Kathleen King, Winnona LaDuke, Dianna Hatfield, Kathleen Brokke, and others. Based on town hall meetings at the end of each conference and evaluations from conference participants and planners, the plan is to attempt to grow the conference so it can be shared with as many participants and visitors as possible and to continue it into the foreseeable future.

Submitted by Dr. Wendelin Hume, Associate Professor of Criminal Justice and past Women Studies Director, University of North Dakota.
