

## Evaluation of the presentation on goals

Topic:

Name of the presenter:

± or comment

Was the background effective, yet, not too general (supplementary materials and review/textbook were used as appropriate) ?	
Were the goals clear?	
Was the presentation comprehensive (organized in logical sequence)?	
What was the delivery of the presentation (voice modulation, eye contact, reading of the presentation)? Did speaker capture attention of the audience?	
What was the quality of slides (figures, clarity, transitions, numbering)?	
Was the text on slides limited?	
Has attention been paid to a grammar and sentence structure? Were typographical and spelling errors minimized? Were the references used appropriately?	
Was the proposed approach presented clearly?	
Did you understand the topic of the presentation?	
Did you learn something new ?	
Was the presenter able to answer questions without just repeating what was on slides?	
Based on the discussion, did the presenter understand the topic of the presentation?	
Do you have any additional comments?
