
The Mission of MUSC269 Singing on Stage (S.O.S.) is bring singers, instrumentalists, composers, technical & visual artists together to collaborate on & perform dramatic vocal music from opera to jazz to rock. This course is available every Spring semester. Students from all majors are welcome: JOIN US in Spring 2025!

From Dr. Christopherson:

This work was conceived, created & will be performed by the students. They have pursued this endeavor with heart, humor and a lot of energy outside of class time. They have far surpassed what I hoped they would accomplish. I'm so proud of them. I heartily encourage students to join us next Spring to create something new, too!
