

Recital Policy

Senior performance majors and Graduate students perform full recitals. Education majors, junior performance majors and Bachelor of Arts majors using a recital as a Senior Project perform a half recital.

Half recitals will not be scheduled. Students performing a half recital must find another student with whom to partner prior to scheduling.

Non-degree required events are only allowed during weeks one through ten of a semester.

These include masterclasses, studio recitals, chamber recitals, guest artist recitals, and student recitals performed by students not registered in MUSC 359/459/599.

Students may only schedule one room for a jury. Another room may be scheduled once the first room has been cancelled.

Private lessons are to be held in offices.
