

Student Showcase Guidelines

1. All students enrolled in Applied Lessons are eligible to apply for performance with their applied instructor's permission.
2. Applications to perform will be accepted only for the next immediate Showcase on the schedule.
3. All performers must turn in a complete application no less than one week prior to the scheduled Showcase on which they wish to perform.
4. ALL information must be complete for full consideration, including relevant catalog information and accurate timings.
5. The application can be found at:
<http://arts-sciences.und.edu/music/resources/student-resources.cfm>
6. Programming is mostly on a first applied, first scheduled basis until we reach our time limit.
7. Due to the small number of showcases and the large number of students we have, students who have yet to perform will have to take precedence over those who have already performed in the particular semester.
8. The time limit for any particular performance will be 10 minutes with the exception of lengthier one movement selection, in which case the limit will be 15 minutes.
9. Lastly, please check the timing of your performance. Don't underestimate the length of YOUR performance time.
